Our Goals

Our goal is to have fun!

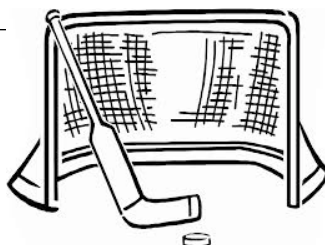

Games are short and quick. Players all get a chance to play and fans get to cheer their church team on to victory.

Our goal is to learn!

Teams are encouraged to create a team with mixed the ages and abilities. Younger kids can learn good sportsmanship and techniques from older more experienced players.

Our goal is to appreciate community!

Share a hot chocolate or coffee with someone from another church community. Find out what is important to them about hockey.
